Financial and Office Policies Agreement

- 1. Payment is expected at the time of service for copays, deductibles, and non-covered services. We accept cash, checks, Visa, MasterCard, and Discover. If we are required to send you a statement you will be charged a \$5.00 billing fee.
- 2. A schedule of fees for our services can be given upon request. Please be aware that this is only an estimate. Our office will submit claims to your insurance company as a service to you. It is important to know what your insurance plan covers. If a service we have billed on your behalf is not covered by your insurance, you will be held responsible for payment.
- 3. All account balances and deductible amounts must be paid in full before any surgical procedures are performed.
- 4. Please be aware of specific details of your insurance plan's benefits. Do not assume that all services are covered. It is your responsibility to know the limitations of your coverage and to communicate with our office staff prior to your appointment if scheduled services are not covered, or if you've had a change in coverage.
- 5. We expect 24 hour notice for all cancellations. We reserve the right to charge a \$30.00 cancellation or no-show fee for appointments cancelled less than 24 hours in advance.
- 6. If your insurance is a managed care plan, please review your coverage. Referrals must be authorized by your primary care physician, and may require a visit to their office to obtain one depending on their specific policies. Upon receipt of a referral to a specialist, it is your responsibility to be aware of what has been authorized. Subsequent visits, procedures and surgeries often require additional referrals. Failure to obtain necessary authorizations often leads to out-of-pocket expenses. We are happy to assist you in any way with your managed care plan. Your knowledge of your plan regulations and benefits as well as careful planning will help avoid delays and denied claims. If you do not have a valid referral on the day of service you may pay for services or reschedule appointment after approval has been obtained. We will schedule the ordered referral within 72 hours or give a prescription. The patient will be notified of the date and time by phone and given directions. After the patient's appointment a consult note is received and reviewed within one week.
- 7. If you cannot provide adequate proof of insurance, you will be responsible for the entire cost of your visit at the time services are rendered. Please make sure to bring your identification and insurance cards to every visit.
- 8. If you are experiencing financial difficulties, please discuss this with the Billing Department or the Office Manager. You may be asked to supply a credit card number. Accounts over 90 days will be sent to a collection agency and a charge of \$25.00 will apply.
- 9. You may be asked to update your paperwork on a regular basis even if nothing has changed. We must keep all charts up-to date to stay in compliance with healthcare regulations.
- 10. Sometimes waiting periods may be longer due to unforeseen circumstances. Please be patient with us, we do take pride in giving all our patients the utmost quality care.
- 11. A \$50.00 cancellation fee will apply for surgical procedures cancelled after boarded. I understand and accept the above statements.
